Summary

Motivated Computer Engineering graduate with foundational knowledge in programming languages including Java, C++, and Python. Skilled in technical communication, detail-oriented project management, and adaptable to new technologies and environments. Eager to contribute enthusiasm, adaptability, and a fresh perspective to a dynamic IT-focused team.

Technical Skills

Programming Languages: Java, C++, Python
App Development: Kotlin, Java
Web Development: HTML, CSS, JavaScript
Tools: GitHub, Android Studio, Cisco Networking
Operating Systems: Windows, Linux
Cybersecurity Fundamentals

Education

Southern Luzon State University   2021-2025
Bachelor of Science in Computer Engineering
Thesis Title: MossGO: An Automatic Moss Remover with Mobile Application Control

Pagbilao Grande Island National High School   2019-2021
General Academic Gas
With High Honors

Pagbilao Grande Island National High School   2015-2019
With High Honors

Polo North Elementary School   2009-2015
Salutatorian

Internship Experience

TeaM Energy Corporation   July 8 – August 12, 2025 (240 Hours)
Isla Grande, Brgy. Ibabang Polo, Pagbilao, Quezon

Control and Instrumentation

- Assisted engineers and technicians in calibrating, monitoring, and installing instrumentation across the power plant facilities.
- Encoded and managed job orders for Control and Instrumentation (C&I) section personnel, ensuring accurate documentation and record maintenance.
- Performed independent calibration of instruments, developing hands-on expertise in instrumentation accuracy and reliability.
- Gained foundational understanding of power generation processes, increasing awareness of energy production dynamics and plant efficiency measures.

Organizations

Institute of Computer Engineering Philippines (ICpEP) 2022-2025
- Member

Society of Computer Engineering Student Member – Southern Luzon State University 2021-2025
- Member

Certifications/Courses

Behind The Screen: A Threat Analyst's Path to Malware Defense March 19, 2025
CEn AVR SLSU Lucban, Quezon

The Digital Workforce: Thriving in The ICT Industry as a Computer Engineer March 12, 2025
SLSU Library, SLSU Lucban, Quezon)

'Boot, Break, Fix, Repeat': The Art of Mastering Computer Systems March 19, 2025
SLSU Hotel Banahaw Hall, Lucban, Quezon

Initiate: Introduction to Web and System Administration March 1, 2025
CEn AVR SLSU Lucban, Quezon

Basic Occupational Safety and Health (Bosh) February 1-2 and 8-9, 2025
SAFETY OFFICER 2
FRREAL Occupational Health and Safety Services
40-hour DOLE-BWC

Introduction to Cybersecurity January 29, 2025
Networking Academy through the Cisco Networking Academy program

Computer Hardware Basics January 25, 2025
DICT-ITU DTC Initiative through the Cisco Networking Academy program

Credentials

Scholar 2017-2025
Therma Luzon Inc.
Aboitiz Power Corporation

Varsity Player 2022-2025
Volleyball – SLSU
